

Kirby Corporation Announces Date for 2025 Second Quarter Earnings Release and Earnings Webcast

June 30, 2025 at 4:00 PM EDT

HOUSTON, June 30, 2025 (GLOBE NEWSWIRE) -- Kirby Corporation ("Kirby") (NYSE: KEX) will announce its 2025 second quarter results at 6:00 a.m. Central Daylight Time ("CDT") on Thursday, July 31, 2025. This announcement will be followed by an earnings conference call webcast at 7:30 a.m. CDT.

For listeners who wish to participate in the question and answer session via telephone, please pre-register at [Kirby Earnings Call Registration](#). All registrants will receive dial-in information and a PIN allowing them to access the live call. To listen to the webcast, please visit the Investor Relations section of Kirby's website at www.kirbycorp.com. A replay of the webcast will be available for a period of one year by visiting the Investor Relations section of Kirby's website.

The financial and other information to be discussed in the conference call will be available in the 2025 second quarter press release and in a Form 8-K to be posted prior to the call on Kirby's website at www.kirbycorp.com.

Kirby Corporation, based in Houston, Texas, is the nation's largest domestic tank barge operator, transporting bulk liquid products throughout the Mississippi River System, on the Gulf Intracoastal Waterway, and coastwise along all three United States coasts. The Company, through its marine transportation segment ("KMT"), transports petrochemicals, black oil, refined petroleum products, and agricultural chemicals by tank barge. In addition, the Company participates in the transportation of dry-bulk commodities in United States coastwise trade. Through its distribution and services segment ("KDS"), the Company provides after-market services and genuine replacement parts for engines, transmissions, reduction gears and related equipment used in oilfield services, marine, power generation, on-highway, and other industrial applications. The Company also rents equipment including generators, industrial compressors, high capacity lift trucks, construction equipment and refrigeration trailers for use in a variety of industrial markets. The Company also manufactures and remanufactures specialized equipment, including pressure pumping units, electric power generation equipment, and specialized electrical distribution and control equipment for oilfield service, railroad and other industrial customers.
